Foodmax Basic 10

supplied by

Matrix Specialty Lubricant BV

Delweg 8, 6902 PJ Zevenaar, The Netherlands

has been registered by InS Services

Release Agent & Incidental Food Contact

This product is acceptable for use as a Release Agent on grills, ovens, loaf pans, boning benches, chopping boards, or other hard surfaces in contact with food.

This product is acceptable as a lubricant, anti rust film or release agent with incidental food contact for use in and around food processing areas in locations in which there is a potential exposure of the lubricated part to food. The amount used should be the minimum required to accomplish the desired technical effect.

This product is also acceptable as an ingredient for use in an H1 lubricant, anti rust film or release agent with incidental food contact for use in and around food processing areas in locations where there is a potential exposure of the lubricated part to food.

Signed:

A handwritten signature in black ink that reads 'Sj. Stolne'.
